
COMPANY PROFILE 2026

Brilliance in every detail.

MEET MOMO D'ECLAT

Our name is French: “moment d’éclat”, a moment of brilliance. It is what we leave behind after every clean.

01

The company

MOMO D'ECLAT is a cleaning company for homes, offices and holiday rentals across Mauritius: trained staff, professional equipment and prices the customer sees before booking. Part of Carril Enterprise Group.

The cleaners you call back.

Not regular cleaners: a quality first cleaning company with trained staff, professional equipment, and a finish that is checked before we leave. We keep the number of homes we take on small, so every clean is catered to the customer rather than run off a production line.

Homes, villas, offices and holiday rentals across Mauritius, from Grand Baie to Tamarin and Moka, booked at a price the customer sees first.

Get To Know The Company

FOCUS	Homes, offices & Airbnb
BASED IN	Moka, Mauritius
COVERAGE	Across Mauritius
GROUP	Carril Enterprise Group

The opportunity

Homes, offices and holiday rentals across Mauritius all need regular, reliable cleaning, and most of it is still done informally.

WHY NOW

Much of the cleaning in Mauritius is still casual labour: no training, no equipment and no record, so quality changes from one visit to the next.

Hosts, households and businesses want a service they can book, trust and call back. A trained, equipped company with prices shown up front can win that work and keep it.

Our focus →

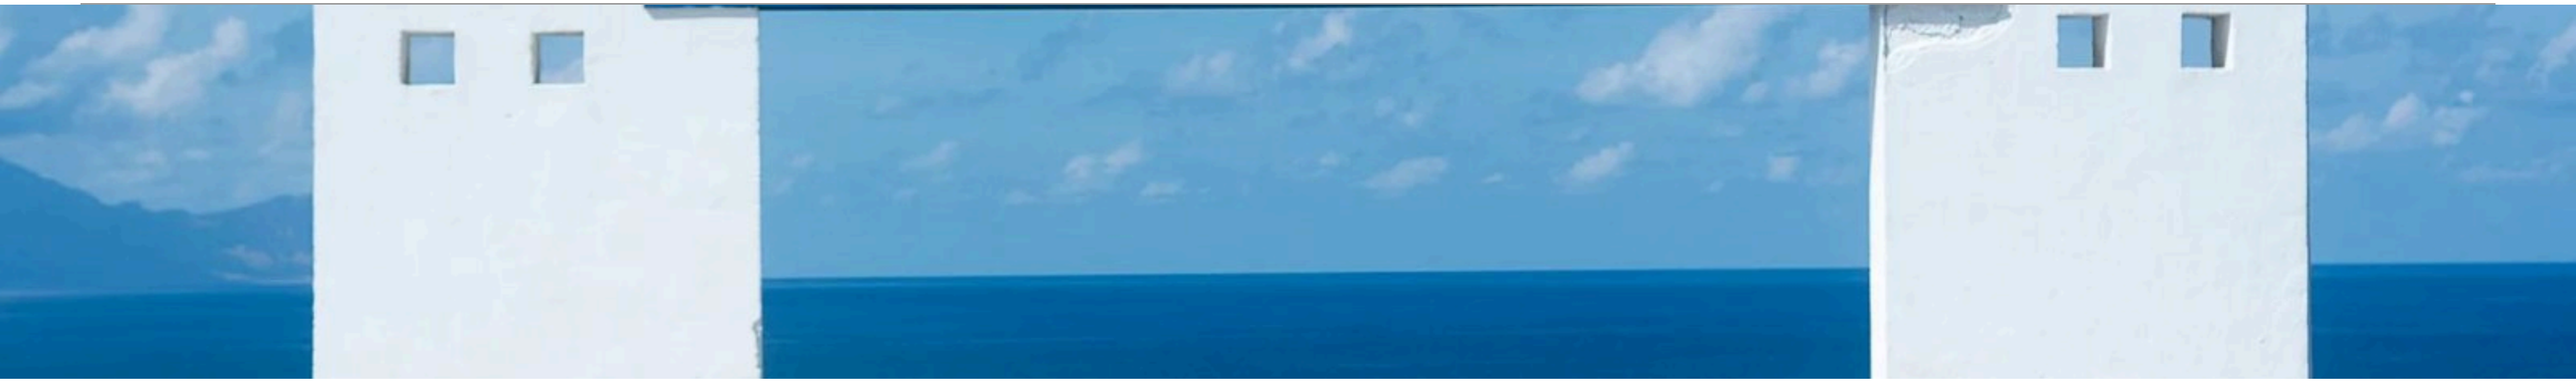
JEREMIE B., GOOGLE REVIEW

Our promise

01	No hierarchy in cleaning.	Everyone cleans, the founders too, whenever a job needs another pair of hands.
02	Never more than we can do.	We take on only the homes, offices and rentals the team can look after properly, and we say so when we cannot.
03	Your place, clean.	That is the goal of every visit, and the measure we check ourselves against before we leave.
04	Quality over quantity or position.	Not more jobs and not titles. A clean done right, every time.

03 The offer

Three services we are built around, homes, offices and Airbnb, and everything else we clean, done to one standard and priced before the customer books.



Our focus

Homes, offices and Airbnb. Each is a relationship that repeats every week or every stay, rather than a one off job.

- → Home cleaning: weekly and deep cleans for homes and villas.
- → Office cleaning: scheduled around business hours.
- → Airbnb: turnovers and guest management for hosts.

Every service →

Everything we clean.

EIGHT SERVICES, ONE STANDARD

The Full Range

N° 01

Weekly home cleaning

Recurring cleans for homes and villas, with 10% off when booked every week.

N° 02

Deep cleaning

Top to bottom, reaching what a regular clean misses. Kitchen and terrace included.

N° 03

Office cleaning

Desks, floors and washrooms, scheduled around your working hours.

N° 04

Airbnb turnovers

Ready for the next guest after every stay, with linen and supplies.

N° 05

Move in and move out

Empty or furnished, before you move in or after you leave.

N° 06

Post construction

Building dust, paint and film removed after works, quoted after a visit.

N° 07

Fabric and glass care

Sofas, curtains, rugs and windows, on their own or added to a clean.

N° 08

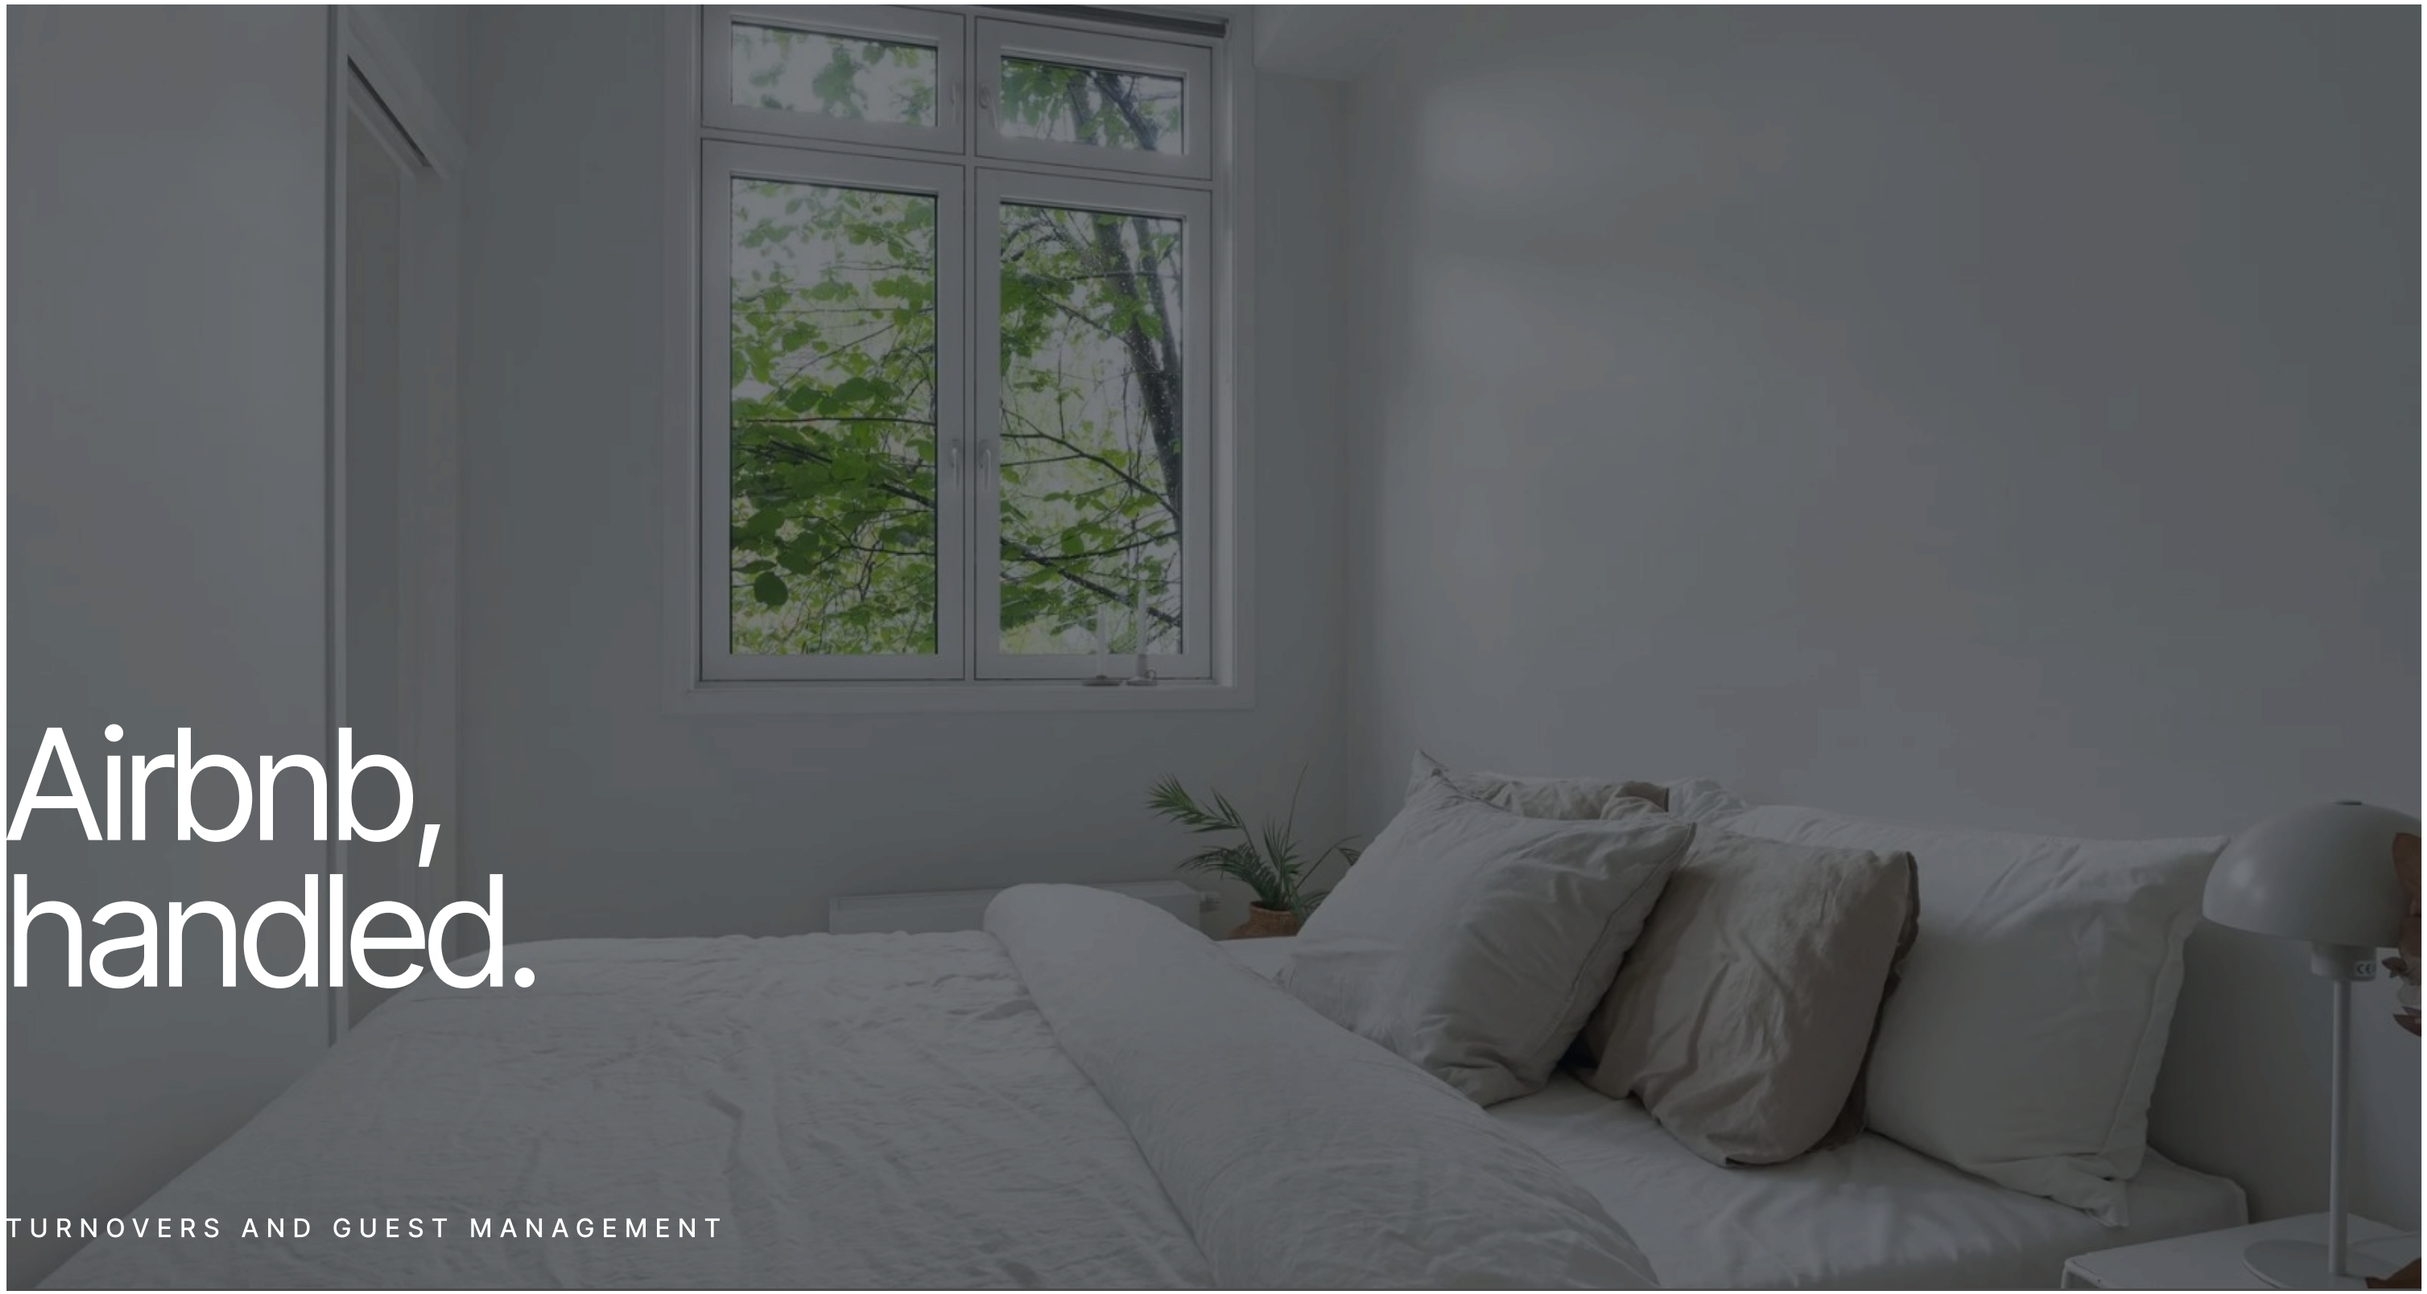
House helpers

A trained helper on the days and hours you agree with us.

One standard

Eight services, one team.

Every service is done by the same trained team, checked before we leave and priced before you book.



Airbnb, handled.

TURNOVERS AND GUEST MANAGEMENT

Airbnb for hosts

FIXED PRICES, NO COMMISSION

Hosts and property managers can hand us the whole turnover. We clean after every stay to a checklist, bring our own linen sets and towels or wash the host's, and restock toilet paper, bin bags and cleaning supplies.
We can also look after the guests: check in and keys, the house and its rules explained, check out, and an inspection with photos after every stay, with any damage reported.

Both are quoted on WhatsApp at a fixed price per turnover and per stay. Never a commission on the host's bookings.

For reservations booked from 20 November 2026, Airbnb no longer lets hosts ask guests to wash dishes, strip beds, start laundry or take rubbish out. We do all four after every stay.

Host contract →

How We Work

↘

Quote

A certain price on WhatsApp or the website, before anything is booked.

↘

Book

Pick the day that suits you. We confirm the team and the time.

↘

We clean

A trained team arrives with professional equipment and supplies.

↘

Quality check

We inspect the work against a checklist before we leave, and put right anything missed.

Every visit follows the same four steps, so the standard on the first clean is the standard on the fiftieth.

Get a price →

The right kit, used well.

QUALITY, EVERY TIME

Every cleaner is trained to one standard, so a home gets the same clean on every visit. Every clean is inspected against a checklist before we leave, and anything missed is put right.

The team works with professional machines and surface safe products, matched to each surface:

- → Kärcher
- → Dyson
- → Henry, by Numatic
- → Vileda Professional

Prices come from a published table, so the customer sees the figure before booking.

04

The business

A recurring, repeatable model, run on its own portal, built to grow with demand across Mauritius.

Business model

Revenue that repeats: weekly home cleans, Airbnb turnovers and office contracts, at prices the customer sees before booking, run from one portal.

Recurring by design	Weekly home cleans, Airbnb turnovers and office contracts: revenue that repeats.
Transparent pricing	Fixed prices the customer sees before booking. No commission on Airbnb bookings.
More per relationship	Add ons and house helpers deepen each account over time.
One portal	Owners and the team work from one place: properties, bookings, cleans, issues and statements.
Leads tracked	Enquiries from the website are priced automatically and followed up, so nothing is lost.
Quality protects it	One checked standard protects pricing as the model repeats.

Built to grow with demand, town by town across Mauritius.

Based in Moka, with regular work in Grand Baie, Pereybère, Tamarin, Black River and Flic en Flac. One training standard means every new cleaner meets the same bar, and work permits are in progress to bring in more trained cleaners.

Where we are going

OPEN TO PARTNERS

To be the name people trust for home, office and Airbnb cleaning in Mauritius, and the property care partner hosts rely on. We are building the team, the technology and the coverage to get there, without dropping the quality.
